
Shoo Bird Repellent Paste

Shoo Bird Repellent Paste PCP# 13868	
Product Code	Package
5287060	12x250g/Case

Shoo Bird Repellent Paste is a soft, sticky material that can be applied to windowsills, eaves, ledges, balcony railings, and roof and chimney ledges to prevent birds from roosting.

It will remain sticky for 4-6 months, depending on the area it is applied to.

Avitrol

Avitrol Corn Chops PCP# 12095	
Product Code	Package
5270321	3kg Pail
Avitrol Whole Corn PCP# 12096	
Product Code	Package
5270331	3kg Pail

Avitrol is a concentrated bait for preparing RTU bait to control bird species such as sparrows, blackbirds, cow-birds, and pigeons. Birds ingesting Avitrol react with distress symptoms and calls, and the remainder of the flock are frightened away.

The whole corn chops are for control of pigeons because of its larger size.

Poison Corn

Poison Corn PCP# 14109	
Product Code	Package
5241101	10kg Pail

Poison Corn is a ready-to-use bait containing strychnine that is used to control pigeons.

Bird-B-Gone Spikes & Nets

Bird-B-Gone Bird Spikes	
Product Code	Description
5241201	5" Wide Stainless Steel Bird Spike (50' length)
5241211	8" Wide Stainless Steel Bird Spike (50' length)
5241281	7" Wide Plastic Bird Spike (50' length)

Stainless steel spikes are virtually invisible and are perfect for ledges, window sills, roof peaks and edges, and all surfaces.

Plastic bird spikes are the least expensive bird spike deterrent.

Bird-B-Gone Bird Netting	
Product Code	Description
5241291	¾" Bird Netting (25'x25')
5241331	¾" Bird Netting (25'x50')
5241301	¾" Bird Netting (50'x50')
5241341	2" Bird Netting (25'x50')

Bird-B-Gone Bird netting is made from U.V. protected polyethylene knotted netting (ISO 1806 tested) and is flame resistant. ¾" netting is ideal for all bird species, and the 2" netting is ideal for pigeons.

Bird-B-Gone Bird Mist Netting	
Product Code	Description
5241231	7'x10' Mist Net
5241241	10'x20' Mist Net
5241251	10'x30' Mist Net
5241261	10'x40' Mist Net
5241271	Mist Net Capture Kit*

Bird-B-Gone mist netting is ideal for warehouses and large structures where birds enter and cannot get out. Simply place the netting in the birds flight path where it will be captured and become immobile so it can be easily released outdoors.

*Capture Kit includes 10x30' net, two poles, laser tool, hooks and magnets, and carrying case

Bird-B-Gone Bird Wire	
Product Code	Description
5241311	1/16" Galvanized Bird Wire (500')
5241321	3/32" Galvanized Bird Wire (500')

Bird-B-Gone bird wire is a safe and humane way to prevent birds from landing and roosting and is barely visible.

Bird-B-Gone Adhesive	
Product Code	Description
5241221	Tube of Adhesive (12x10.2oz/Case)
